# PRESIDENT WILSON VETOES PEACE RESOLUTION DECLARING IT WOULD STAIN HONOR OF THE U. S.

Denounces Measure Selfish  
And Inconsistent With The  
Interests For Which United  
States Fought.

Trifles With Liberties of Ameri-  
can People and With Funda-  
mentals of Civilization He  
Says.

Points Out That it Did Not  
Even Mention Important  
Objects Sought in War.

(By Associated Press.)

Washington, May 27.—The republican peace resolution was vetoed today by President Wilson.

"Such a method of making a peace with Germany," the President said, "would place a stain upon the gallantry and honor of the United States."

Without announcing his intention regarding the treaty of Versailles the President declared the treaty embodied the important things omitted by the resolution and said that by rejecting the treaty the United States had declared in effect that it wished "to draw apart and pursue objects and interests of our own."

The President added that the peace resolution omitted any mention of many important objects for the vindication of which the United States entered the war.

"Such a peace with Germany," the message continued, "a peace in which none of the essential interests, which we had at heart when we entered the war is safeguarded, is, or ought to be, inconceivable; is inconsistent with the dignity of the United States with the rights and liberties of her citizens and with the very fundamental condition of civilization."

## REJECT WAGE AGREEMENT

(By Associated Press.)

Wilkesbarre, Pa., May 27.—The proposed wage agreement submitted by Secretary of Labor Wilson, containing the maximum offer of the anthracite coal operators, was rejected at a district meeting here today. Acceptance of the contract had been recommended by the International Mine Workers of America.

## MORE TAXES ARE PROVIDED

(By Associated Press.)

Washington, May 27.—Authority for the Treasury to make final settlement under which back taxes estimated at one billion dollars will be paid the government is provided in a bill passed today by the House and sent to the Senate. The measure amends the 1918 tax law.

Harding Opposed to Heavy  
Expenses Says His Manager

(By Associated Press.)

Washington, May 27.—A total of \$113,109 has been raised and \$107,704 spent in behalf of the campaign for the republican presidential nomination being made by Senator Warren G. Harding of Ohio, Harry M. Daugherty, his campaign manager, testified today before the Senate committee of inquiry.

This is the third largest campaign fund testified to in the inquiry.

Mr. Daugherty opened his testimony by reading a prepared statement declaring Senator Harding had "expressed a desire that no highly financed or expensive campaign should be made for him," and that "no contest was expected in Ohio, but later a contest developed."

"We were compelled to make something of a campaign. We had no paid organization. We used no billboard advertising or newspaper advertising except a small amount in Cincinnati, the cost of which was about \$750. Indiana is a neighbor state and there were many invitations for Senator Harding to present his candidacy there."

"In all of the other primary states we notified them we would not enter the primaries on account of expense of conducting a primary campaign."

Mr. Daugherty said the largest contribution to the Harding fund had been made by Carmi A. Thompson, who gave about \$13,000. Mr. Daugherty named himself as the next largest contributor, saying he gave \$9,500.

Mr. Daugherty in detailing contributions to the campaign said the third largest total was that of Mrs. Anna Norton Batelle, of Ohio, through citizens of Marion, Ohio, who was credited with a total of \$22,500. R. G. Hutchins, of New York, and a Mrs. Andrews of Cleveland gave \$2500 each, the witness said, and other contributions listed included L. C. Hanna, Jr., and H. S. Thompson, of Toledo, \$1,000 each.

Dan Hanna of Cleveland, agreed to raise \$500,000 to finance the campaign of Major General Wood, the committee was told by John T. King, of Connecticut, who was General Wood's first national campaign manager.

## ARMENIAN MANDATE NOT WANTED

Foreign Relations Committee  
Disapproves Wilson's Re-  
quest.

Vote 11 to 4 Favoring No Man-  
date Over Armenia.

(By Associated Press.)

Washington, May 27.—President Wilson's proposal for the American mandate over Armenia was disapproved today by the Senate Foreign Relations Committee. Only four democrats opposed adverse action on the president's request.

By a vote of 11 to 4 the committee reported a resolution declaring that Congress respectfully decline to grant the executive the power to accept a mandate over Armenia.

## FINALLY AGREE UPON ALL PLANS FOR NEW ARMY

Army Will Consist of 297,800  
Officers and Men.

(By Associated Press.)

Washington, May 27.—Complete agreement on the army reorganization bill was reached today by House and Senate conferees.

Under the measure the permanent peace-time army will consist of 280,000 enlisted men and 17,800 officers, a total of 297,800 including the Philippine Scouts.

Senate amendments which would have resulted in the selective service act automatically going into effect upon a declaration of war and to which the American Federation of Labor objected, were eliminated.

## BLOCK TRAFFIC TO GET SUGAR

(By Associated Press.)

Anderson, Indiana, May 27.—Several thousand persons impeded traffic for blocks today in an effort to purchase sugar at 17½ cents a pound.

The rush started early this morning and indications were it would last until all sugar had been sold. Sugar has been bringing around 30 cents a pound.

## MEXICO'S TEMPORARY PRESIDENT

Adolfo de la Huerta.

Adolfo de la Huerta, governor of the state of Sonora, has been chosen by the Mexican congress president ad interim of the republic. He will hold office until a president can be chosen for the full term a few weeks hence.

## SIMS DECLARES CRITICISM HAS BEEN PROVEN

Conditions Revealed Are Worse  
Than He Had Intimated He  
Says.

Insists Most of Thirteen Points  
Raised Freely Admitted

(By Associated Press.)

Washington, May 27.—Rear Admiral Sims appearing before the Naval investigating committee today in rebuttal testimony declared that "the navy department witness" had revealed a condition in the navy "even more distressing than I could have imagined and constitutes a much more deplorable criticism than the deplorable conditions referred to."

"A very careful review of the evidence shows that in no single instance were the 13 points raised by me in criticism disproved. On the contrary most of them were freely admitted. The testimony of the department's witness seemed to be designed not to improve the criticism."

## MEMORIAL WILL COST \$2,000,000

(By Associated Press.)

Cincinnati, O., May 27.—Mrs. George B. Cox, widow of the former republican leader here, will erect a theater here as a memorial to her husband.

It will be one of twin theaters of a theatrical company in which Mr. Cox was interested.

The site for the theater has been acquired for \$500,000 and the building will cost approximately \$1,500,000.

## PALMER MAKES IDEAS PUBLIC UPON REQUEST

Against Government Ownership  
Of Railroads.

Favors Control of Chief Com-  
modities.

(By Associated Press.)

Washington, May 27.—Flat opposition to government ownership of railroads, endorsement of federal control of manufacture and distribution of necessary commodities and elimination of excess profit taxes in favor of higher taxes on incomes from investments characterized the reply of Attorney General Palmer, made public today, to the recent questionnaire submitted to presidential candidates and others by the National Board of Farm Organizations.

## 12,000 WORKERS OUT ON STRIKE

(By Associated Press.)

London, May 27.—Twelve thousand workers on the great Indian Peninsula Railway have struck, demanding increased wages, says a Bombay dispatch to the Exchange Telegraph Company.

Yesterday afternoon, the men adopted a threatening attitude, stoned workshop windows and disorganized traffic in Bombay, while some entered the principal signal towers and compelled men employed there to raise or lower signals at their pleasure.

## JAPANESE BANK GOES TO THE WALL

Big Financial Institution Of  
Japan Suspended Business

Silk Exchange Closes Immediately  
After Bank Fails

(By Associated Press.)

Tokio, May 24.—The suspension today of the Seventy-fourth Bank of Yokohama, controlled by Sober Mogi, was regarded as important, because it was connected with operations in silk, Japan's chief export to America. The suspension immediately forced the closing of the silk exchange, and the newspapers attributed the ensuing slump in the Tokio stock market, where principal shares fell from 10 to 30 yen, to the suspension of the institution and reported liquidations in America.

## BAN IS PLACED ON PHONOGRAPHS BY OLD BRANCH

Brethren Church Refuses To  
Permit Talking Machines In  
Homes of Members.

"Devil Machines" Also Have  
Close Call.

(By Associated Press.)

Logansport, Indiana, May 27.—Declaring against the use or presence in the homes of the members of all talking machines, phonographs and graphophones, the annual conference of the old order branch of the Brethren Church came to a close here last night.

The query regarding permission to have talking machines was sent from the Dayton, Ohio, church.

Some of the more conservative members sought to obtain from the council action forbidding the use of the automobile, calling it a "devil machine," but the opposition was greatly in the minority.

## WANNAMAKER OUT

(By Associated Press.)

Columbus, O., May 26.—Judge R. M. Wannamaker of the Ohio Supreme Court today announced his candidacy for the Republican nomination for United States Senator at the primary election to be held in August.

Last of 984 Candidates Chosen  
And Mighty Effort to Land  
Votes is Under Way.

Wood Still Leads But Has Only  
Small Portion of Vote Nec-  
essary.

Experts Declare No Choice  
Possible On First Ballot

(By Associated Press.)

Chicago, May 27.—Candidates for the republican nomination for the presidency today opened their final drive to capture the 493 votes that spell victory in the convention which opens here one week from next Tuesday.

The last of the 984 delegates who will sit in the convention were selected yesterday, when Vermont republicans chose eight uninstructed delegates.

Major General Leonard Wood, present returns show, will enter the convention with more instructed votes than any other candidate, but his total of 153 is less than one-third of the number necessary to nominate.

The division of strength among the large field of favorite sons practically precludes any possibility of a nomination on the first ballot.

Even the most optimistic campaign managers here are not claiming victory before the third ballot, and the more conservative leaders predict the break will not come before the fifth or sixth ballot.

One big factor, which may upset campaign managers' predictions, is yet to be dealt with. One hundred and forty-five contests have been, or will be, filed, more than one-seventh of all the seats in the convention being at stake, and the national committee, which meets here Monday to decide these contests and prepare the temporary roll, may materially alter the prospects of several candidates.

The principal contests are between supporters of Major General Wood and Governor Frank O. Lowden. Figures compiled here show the following division of the convention vote: Major General Wood, 153 delegates; Senator Hiram Johnson, 109; Governor Frank O. Lowden, 74; Senator Warren G. Harding, 39; Senator Sutherland, 16.

Senator Miles Poindexter is expected to receive Washington's 14, and Judge Pritchard of North Carolina is expected to get 17 of his state's 22 votes.

## WOOD EXPENDED \$200,000 IN OHIO SAYS PROCTOR

Washington May 27.—Lavish expenditures in behalf of Major General Leonard Wood's campaign for the Presidency was revealed before the Senate Investigating Committee.

Colonel William Cooper Proctor, of Cincinnati, millionaire soap manufacturer, manager-in-chief of the Wood campaign, admitted that he knew of the collection of at least \$1,000,000, half of which was advanced by himself.

State managers of the Wood campaign in Ohio and Michigan, following Colonel Proctor on the stand, confessed expenditures of at least \$200,000 in Ohio and \$54,000 in Michigan.

## INCREASE IN PAY FOR ENLISTED MEN

The army pay bill signed by President Wilson, Wednesday, benefits all enlisted men at Camp Sherman above the rank of private to the extent of 20 per cent of their present pay. They will draw back pay under the raise to date from the first of the year.

A ration allowance of 55 cents additional a day for battalion sergeant majors, first sergeants, hospital sergeants and master electricians is included. The increase will effect the pay of the enlisted personnel as follows:

Private first class, \$33 to \$39.60; corporal, line, \$36 to \$43.20; staff, \$36 to \$43.20; sergeant, line, \$38 to \$45.60; staff, \$44 to \$52.80; battalion sergeant major, \$48 to \$74.40; first sergeant, \$51 to \$77.70; sergeants first class, medical corps, \$56 to \$83.70; hospital sergeants, \$71 to \$101.70; master electricians, \$81 to \$113.70. — Chillicothe News Advertiser.

## ATHLETICS TO GO TO SPRINGFIELD

An out of town date has been accepted by the Washington Athletics for Saturday afternoon, June 12th, when the team will go to Springfield to play the strong Robbins and Meyers club. The game will be played on the old Central League Park grounds which the Robbins and Meyers team has leased.

Plans are being made by the club for playing each Saturday afternoon, either at home or in some nearby city. If the venture proves successful all Saturday games will be scheduled for the home city.

While the report is not verified it is possible that the one weak place on the team, shortstop, will be filled next Sunday by no less a person than "Big" Corwin.

### FAYETTE FARM BUREAU CAMPAIGN OPENS JUNE 8

Beginning Tuesday, June 8, an in-  
tensive campaign to enroll every Fay-  
ette county farmer will be carried on  
by the county farm bureau. It is ex-  
pected that the campaign will con-  
tinue two weeks, but officials of the  
bureau said there would be opportu-  
nity both before the campaign open  
and after it closes for farmers to en-  
roll.

Hon. J. M. Willis, chairman, O. W.  
Beatty and Hayes Dill form the cam-  
paign committee, and will act with  
the officials of the bureau. In every  
township will be local representatives,  
and they will have the assistance of  
men sent by the Ohio Farm Bureau  
Federation, men, it is asserted, who  
are members of bureaus elsewhere,  
and who know of the benefits of farm  
bureau membership.

It is announced that the campaign is  
a reorganization of the bureau already  
existing in this county, which has an  
enrollment of 500. It is expected, of-  
ficials say, to increase that mem-  
bership to at least 2000. Under the reor-  
ganization plan the bureau automati-  
cally becomes a member of the Ohio  
Farm Bureau Federation and the Amer-  
ican Farm Bureau Federation, and to  
each local member, therefore, ac-  
cure the benefits of being linked with  
more than 61,000 Ohio farmers and  
more than 2,000,000 American farmers.

Pickaway county, it is announced,  
will be organized about the same time  
as Fayette county, though possibly a  
day or two later. Adams county is be-  
ing organized this week. Vinton county  
will be the only one of the 88 not  
having some form of farm bureau or-  
ganization.

The fee in Ohio under the Federa-  
tion plan is \$10 a year, and is quite  
generally the annual dues in the 28  
states in the American Federation,  
though some states have higher dues,  
one or two of them being as high as  
\$15.

The campaign committee says that  
while every effort will be made to see  
every farmer, yet farmers need not  
wait to be called on. Their applica-  
tions for membership will be receiv-  
ed at any time. It is probable that  
campaign headquarters will be open-  
ed, possibly in the courthouse, but it  
is pointed out that there is no need to  
wait for the opening of such quar-  
ters.

It is possible two or three meetings  
will be held in the villages of the  
county.

### BOARD OF CONTROL HEARS COMPLAINT

Upon the complaint of citizens  
along South North street who raised  
an objection against the grade es-  
tablished for paving in front of their  
homes, the City Board of Control and  
City Engineer Jacobs made an in-  
spection of the site Wednesday after-  
noon.

It was the opinion of the residents  
immediately north of Broadway that  
the grade had been unnecessarily cut  
away and that it was below the level  
stated in the specifications. The  
Board of Control stated after investi-  
gation that the street was according  
to the specifications and contract with  
the Andrews Asphalt Paving Com-  
pany.

It was agreed that an unusual grade  
had been made from East street to  
Broadway, but that this had been  
done in order to bring the surface  
on a more equal elevation with the  
Broadway intersection.

## The Mandatory of Armenia

The offer of the mandatory over Armenia, by the allied council to the United States should be declined, under conditions existing at this time. There seems no good reason to question the desires of the American people, at this time, on that proposal. The great overwhelming majority of the American people are not in favor, at this time, of accepting so grave a responsibility with the very great probability of serious entanglements and cost in money and life, that it carries with it, especially in view of the very meagre opportunity for good.

Our assumption of the mandatory over Armenia with European nations in the league of nations and America alone out of the league seems to be the very height of vain and burdensome action.

America in a league of the nations of the world or America even a world of free and unallied nations assuming the mandatory of Armenia would present an entirely different problem but under present conditions it is impossible.

If America is to remain aloof from the league of nations and free of European alliances for the preservation of peace America must also remain aloof from assuming responsibilities which will lead us into conflict with organized and allied Europe.

America must continue, at least until some definite foreign policy has been adopted, to aid the struggling new nations, Armenia with others, free from any binding agreement which will lead to conflict. Americans favor assisting Armenia but the problem presented is one of method. How can we best assist. We must face conditions as they exist and not seek to assume an idealistic position when practical hard facts render it impossible.

We must accept conditions as they are rather than proceeding as though they were as we would like to have them.

## Go a Little Slow

Many learned writers and lecturers on political and governmental affairs argue that real democracy in government is impractical, too cumbersome to be efficient and that the representative-democracy or the republican form of government is the ideal "happy medium" between autocracy and democracy which secures to the people a complete control of governmental machinery and, at the same time, workable and entirely wieldy.

There cannot be any successful challenge of the correctness of that statement, providing those who hold that view do not insist that because the people are not ready yet for pure and direct democracy, that we must stop where we are, with a representative government and cease striving for more direct power in the people.

The true ideal is to keep on struggling toward democracy else our representative form may become, in fact, an autocracy. Our representatives, too often, cease to represent us and become pliable instruments in the hands of individuals and interests who are not laboring for the welfare of the masses of the people.

As the people assume more direct control of governmental affairs and public servants it is to be expected that they will, for a time, use their new instruments unskillfully, frequently harming themselves, as they have done, at times, with the initiative and referendum, but this does not mean that we should not try to make progress in our desire for public servants more responsive to the public need.

For a time, however, we should be cautious in changing our fundamental plan. It is better now to endure present annoyances patiently than to undertake the assumption of new duties.

We must learn thoroughly now, before attempting to enlarge the powers of the people, that the remedy for our ills, industrial and commercial, is not for the government but for each individual. We must quit expecting the government to do everything and begin, each one of us, to reform our own living habits.

This is a time to go a little slow in our desire for more direct power. No doubt about that.

## POETRY FOR TODAY

### QUIET WORK

One lesson, Nature, let me learn of thee.  
One lesson which in every wind is blown,  
One lesson of two duties kept at one  
Though the loud world proclaim their enmity—  
Of toil unsevered from tranquility!  
Of labor, that in lasting fruit outgrows  
Far noisier schemes, accomplished in repose.  
Too great for haste, too high for rivalry!  
Yes, while on earth a thousand discords ring,  
Man's fitful uproar mingling with his toil,  
Still do thy sleepless ministers move on,  
Their glorious tasks in silence perfecting;  
Still working, blaming still our vain turmoil,  
Labors that shall not fail when man is gone.

By Matthew Arnold.

## A WOOD - LOWDEN TUG-OF-WAR WILL COME AT CHICAGO

Outcome of Convention Will Depend On Four Delegate Groups.

A "Balance of Power" Group Will Try To Dominate The Moves.

By Mark Sullivan  
(Copyright, 1920, by New York Evening Post, Inc.)

Washington, May 27.—Persons who are in the best position to know place little confidence in the many estimates being made as to the outcome of the Republican convention. The various scores of instructed delegates that are frequently published are perfectly accurate, but the deductions made from them are for the most part merely the vaguest surmises. About all that can be said with confidence is this:

Omitting for the moment all the lesser candidates, but not by any means dismissing them from the calculations, it is reasonably clear that at some point of the proceedings, probably early, there will be a tense tug-of-war between Wood and Lowden. As respects this test of strength the following distribution of delegates may be taken as fairly accurate. The whole body of delegates will be divided roughly into four groups. The number in each group as here given does not pretend to be more than 80 or 90 per cent. accurate.

First, there is a group which in varying degrees will be reasonably loyal to Wood, amounting to about 290 delegates.

Second, a group in varying degrees reasonably loyal to Lowden, amounting to about 250 delegates.

Third, a group which will probably be the most cohesive single unit in the convention, amounting to about 240 delegates, who are uninstructed for any candidate and have no pre-occupations, but who have been brought together by a few of the Old Guard Republican leaders and who will follow a common leadership in the convention. This third group, by reason of its cohesiveness and the experience of its agreed leaders, will probably be the balance of power in the convention. Certainly that will be its effort. This is the group to watch.

Fourth, about 200 delegates who, in the political jargon of the day, are called "mavericks," that is, uninstructed delegates without commitments or personal leanings, or else delegates who are instructed for minor candidates but have no obligations as between Wood and Lowden. These "mavericks" will act independently and as individuals, according to their convictions or interests at the time.

The "Balance of Power" Group

The third group, the "balance of power" group, will try to dominate the moves. In the first Wood-Lowden test the effort of this group will probably be to prevent either from winning. Of course, if Wood should be able to get all the fourth group, the "mavericks," he would win. He would have to get absolutely all of them, and even so he would just barely reach. If Wood is prevented from winning in this early test, and if it should be definitely seen that Wood cannot be nominated, then the "balance of power" group should be able to determine the next decision of the convention. That decision, and it will be very thoughtfully made, will be whether the nomination is to be given to Lowden or is to be thrown into the field of the minor candidates and dark horse candidates, Johnson, Knox, Coolidge, Hughes, or some one else.

That is about as far as any prediction about the course of the convention can now go. It is so full of qualifications that one hesitates to set it down at all. The important thing in it is the existence, generally not realized, of the balance of power group. Who will be the ultimate leader whose thought this group will follow is not yet clear. It depends on factors not yet crystallized—among others the presence or absence of Penrose. Neither is it clear who will be the final preference of this group for the Presidency. On that point the present purpose of the group is not to come to any preference at all until the convention meets. Their final preference might be anyone of the major candidates, or any one of the dark horses. Nothing that is here said necessarily eliminates anybody.

Mr. Henri Nonnez  
on Tuesday evening, the fifteenth of June

one thousand nine hundred and twenty at eight o'clock  
Avondale Presbyterian Church  
Cincinnati, Ohio.

Reception  
Immediately following the ceremony eight-thirty-eight Hutchins Avenue  
Avondale, Cincinnati, Ohio.

The reception will be quite small, confined to the immediate family and intimate friends.

The Wesley Chapel Mite Society was pleasantly entertained at the home of Mrs. J. A. Edge, Wednesday afternoon, with a large attendance. Assisting Mrs. Edge were Mesdames Gillispie, Pyley, Perrill, Fogle, Cochran and Mrs. Lucy Kidd.

The program consisted of several piano numbers by Miss Mary Edge, readings of Mrs. Bay, Dodd, English, and Cheney.

The social hour was in the nature of a "pink tea," with the color scheme prettily used in the refreshments.

Dr. and Mrs. George S. Hodson entertained Thursday at dinner, Mr. and Mrs. Glenn H. Woodmansee and their house guests Mrs. Martin Slaughter of Santa Barbara, California; Mr. and Mrs. David Sanders of Leesburg.

Robert Baird entertained his Sunday School Class of eighteen young boys with the teacher, Miss Helen Alden, Rev. and Mrs. W. B. Gage, S. S.

Superintendent Dr. Fred D. Woollard and Mrs. Woollard as guest in the basement of the First Presbyterian Church, Tuesday evening.

The boys played games of all kind and spent a most delightful informal evening, Mrs. Lulu H. Robinson assisting in the hospitalities.

Light refreshments were served.

The Recreational and Health department of the Y. W. C. A. is making plans for the Y. W. C. A. Summer Camp, and have issued a call for donations or loan of kitchen utensils such as pots, kettles, skillets and pans, also cots, camp chairs, lanterns, especially a coal oil stove.

The committee is very desirous of getting their plans completed, and any one wishing to donate and loan articles or contribute money, will notify Mrs. H. R. Rodecker, as soon as possible.

Mrs. A. Clark Gossard delightfully filled the role of hostess Wednesday afternoon at an extremely elaborate and handsomely appointed affair—the first of two Progressive Bridge parties in honor of her sisters, Mrs. E. F. Nique and Miss Erma McFarland, of Springfield.

Mr. and Mrs. Gossard have recently remodelled their home, formerly the Hays' home on South North street, and it is admirably adapted to entertaining. The immense living room, with its handsome furnishings and hangings, a delf blue and mauve color scheme tasteful and harmonious, provided most attractive setting for seven tables of smartly gowned young women at play. The home was radiant with spring bloom. Killarney and Ward roses rising from tall vases and bowls of purple iris, bridal wreath and snow balls in graceful arrangement.

Mrs. S. E. Boggs won the trophy of the game, a silver mayonnaise bowl, with silver ladle.

Completing an afternoon of unqualified pleasure an unusually elaborate collation was served.

The prevailing shades of pink and buff were carried out in the menu—the last course exceedingly pretty with the icecream in pink and yellow roses, and the favors fragrant Killarney and Ward roses, matching in color.

The same roses in cut glass bud vases formed the center ornament of the pretty tables.

Mrs. R. R. Kibbler and Miss Maxine Kibbler assisted in the cordial hospitalities.

Mrs. Gossard was pretty and attractive in blue silk, a touch of brighter color in tiny clusters of French flowers and accordion plaited skirt. Mrs. Nique was handsomely gowned in rose and gold changeable silk, elaborately ruffled. Miss McFarland wore a beautiful gown of light blue organdie, trimmed with little ruffles of white organdie, singularly becoming to her stunning blonde type.

"Mr. and Mrs. W. H. Pommert entertained at six o'clock dinner on Saturday evening in honor of Mr. and Mrs. Wilbur Ayer, of Amelia, O. Places were marked for Mr. and Mrs. Ayer, Mr. and Mrs. Chas. T. Hiser, Mr. and Mrs. Harry Pommert, Miss Elizabeth Pommert and Miss Lucy Fox. On Sunday Mr. and Mrs. Ayer and Mr. and Mrs. Jesse Meddix of Washington C. H., were honor guests at a dinner given by Mr. and Mrs. Hiser. Additional guests being Mr. and Mrs. W. H. Pommert and Mr. and Mrs. Fred Coyner."—Greenfield Republican.

Society is bestirring itself in these perfect May days and decidedly one of the most beautiful affairs of the Spring season was a Bridge Luncheon entertained by Mrs. R. M. Hughey Wednesday.

Sixteen congenial young matrons as

pecially interested in the popular game, were seated at small tables, exceedingly dainty in appointment and having as centerpiece, most artistic pink baskets of pink, lavender and white sweet peas, the handles tied with gauze bows. Four courses of spring delicacies were faultlessly served.

Following the luncheon the afternoon was delightfully whittled away in the duplicate game.

The number of pretty spring toilettes in evidence and the blossoms in lovely arrangement in the rooms lent added attraction.

Mrs. Hughey was wearing a handsome gown of midnight blue tricollette immensely becoming and effectively bringing out her unusual coloring of bronze hair and dark eyes.

Mr. Austin F. Hopkins left Thursday for Philadelphia, where he joins Mrs. Hopkins, who has been attending the Biennial meeting in connection with the General Assembly and leaves with her the last of the week for New York to attend the Columbia University Commencement at which their son, Edwards, graduates.

Mrs. J. W. Kneller left Thursday morning for Akron to spend the summer with her son Mr. Richard Collier.

Charles Fabb and M. Grove Davis spent Wednesday in Columbus purchasing decorations for the Class Night Dance, which is to be given Friday evening at Memorial Hall.

Mr. W. H. Mallow is attending the Harness Races at Finley.

Mrs. Lou Hall and Miss Carolyn Dudley, who have been visiting sheriff and Mrs. N. B. Hall for several days, returned the first of the week to their home in Cleveland.

Miss Gladys Fenner has been called from Ohio Wesleyan University, by the illness of her father, Mr. W. W. Fenner.

Miss Lucile Wood, of the Hodson Hospital is recovering from a ten day illness.

Among Washington people attending the Jeffersonville Commencement Wednesday night were Mrs. John Carr, daughter, Miss Ruth, Misses Ruth Yates, Stella West, Mina French, Eva McClure, Messrs. S. E. Evans, Harry Baughn, Harold Hays and Milton Wetzel.

Mrs. R. S. Quinn returned Thursday night from Cincinnati, where she has been visiting her daughter, Mrs. Robert B. Palmer, and family.

Miss Blanche Tullis left Wednesday with her sister, Mrs. Merwyn, who has been her guest, for the latter's home in Athens, and is planning to leave as soon as she is able for Colorado for the benefit of her health. During the years of Miss Tullis' residence in this city and her splendid record of efficiency in both grade and High School teaching, she has made many and warm friends, who sincerely hope for her complete recovery and later return to again make this city her home.

Mrs. David Sanders, of Leesburg and her house guest, Mrs. Martin Slaughter, of Carpinteria, By The Sea California, have been guests this week of Mrs. Glenn H. Woodmansee in their attractive home on Rawling street.

Mr. Joseph I. Taggart returned Wednesday from a ten days stay in New York City, where he attended the National convention of the Mutual Life Insurance company.

Mrs. Katherine Fortier spent Wednesday night and Thursday in Cincinnati.

Mr. and Mrs. Joseph Call of Five Points spent Wednesday with Mr. and Mrs. Joseph Butcher, called by the death of Miss Gladys Butcher. Mrs. Charles Toops came Thursday from Wilmington, Mr. and Mrs. Merrill Butcher, Cooks and Mr. Ed Terrill, Columbus to remain over for the funeral, Friday, Mr. Toops joins his wife for the funeral.

Mr. Glenn H. Woodmansee, Mrs. George S. Hodson, Mrs. Martin Slaughter, and Mrs. David Sanders motored to Columbus Monday, going via Mt. Sterling and returning via Circleville to call on friends.

## STANDARD LAMPS FOR MEMORIAL OF 1920 CLASS

Following the custom of the graduating class of 1919 the 1920 Senior Class of Washington High School has decided to erect lights as a Class Memorial. The class has voted to set two standard lamps at the south end of the building at the Temple street entrance and to fasten two bracket lamps to the rear of the high school auditorium. The improvement has met with the full support of Superintendent McClain who is making arrangements for installing the new lamps.

Funds for the Class Memorial will be the money secured by the presentation of the class play "The Panching Fanny Brown" and this amount will be added to by the Class Night exercises on Friday evening.

The memorial will be warmly welcomed by the public with whom the lights already erected have met with the highest approval. These lamps will complete the illumination of the school entrances, and will balance perfectly with the other improvements. Especially adaptable will be the fastening of the bracket lamps to the rear of the auditorium, thereby illuminating a part of the play grounds until this time neglected.

## TRAINING BOARD SEEKS H. WHINERY

Search is being made by the Vocational Training Department through the Red Cross for a Fayette County soldier, Ham Whaley. Word was received from the government bureau that Whinery registered from Fayette county and that no trace of the man has been found since he was discharged from the service, wounded.

Miss Mary Robinson, of the Fayette Red Cross chapter is desirous of obtaining any information that may lead to the location of the service man. Those who knew him are asked to communicate with the Red Cross headquarters.

BIG PHOTO PLAY  
AT THE COLONIAL

No play has given the public a more decided insight into life as it is lived in the "Great Northwoods" than "The River's End" the first of Marshall Neilan's independent productions, taken from the story by James Oliver Curwood, which was shown for the first time Thursday at the Colonial and will be held over Friday and Saturday.

It is a smashing new story of God's Country, of the snow wastes of the frozen north, of the edge of civiliza-

tion, where there are no traditions and men meet life with all the strength of the soul within them.

There is a strong cast of characters meeting the demands of thrilling, breathless situations, and a love interest that is genuinely startling.

This picture has a reputation as one of the big photo plays of the season.

## FIVE STUDENTS GET DIPLOMAS REIGEL SPEAKS

Annual commencement exercises were held in Wayne Hall at Good Hope Wednesday evening for the class of five graduates receiving diplomas from Wayne Township high school.

Introduced by County Superintendent of Schools O. S. Nelson, Vernon M. Reigel, state superintendent of public instruction, delivered the class address and brought a completely modernized vision of the new school system when he discussed in detail "The School System of Modern Times."

Superintendent Reigel voiced the opinion that the school system of today with its academic courses was falling behind the times and had outlived its usefulness. He endorsed vocational training and said that if the schools were to fulfill their mission they must adopt vocational study along with the professional.

He gave note to the requirements of the times in contrast with that of a few years ago and agreed that the schools must take the forward step along with the other pursuits of life.

Presentation of diplomas was made by Superintendent of Wayne High School P. G. Merenda. Those receiving diplomas were: Ilo Fountain, Grace Smalley, Doris Rife, Martha Eekle and Dwight Free.

Invocation and benediction was pronounced by Rev. W. A. Whitmer.

Music was furnished by Price's Orchestra of Greenfield.

## TO INVESTIGATE

(By Associated Press)

Washington, May 26.—Investigation was ordered by the State Department today of the circumstances attending the kidnapping of two Americans in Mexico. The American consul at Chihuahua was instructed to conduct the inquiry and there were indications no representations would be made to the new Mexican government unless the investigation develops that the men were seized by others than forces of Francisco Villa.

## CAPITAL ENFORCES HER TRAFFIC CODE

When Louis Snyder, a farmer of near Edgefield, found his car "tagged" in Columbus, one day this week with the advice on the card to report in the Council Chamber of the City Hall on Wednesday at three o'clock P. M. and answer to the charge indicated, he believed that another trip to that city was inevitable.

Mr. Snyder is a member of the Fayette County Automobile Club and when he voiced his complaint to the club officials they immediately got in touch with Chief of the Columbus police force Harry E. French. The letter received had one sentence that enlightened the dread of Mr. Snyder of the police court. It read: "In reply beg to advise you that it will not be necessary for Mr. Snyder to appear on the 26th inst. for traffic court, as we do not wish to work any unnecessary hardship on an out-of-town driver."

Columbus is enforcing her traffic laws and local autoists are warned to observe the following rules, the first of which is the one upon which complaint was filed against Mr. Snyder: Tail lights not burning; glaring headlights; falling to have both headlights burning; disregarding traffic officer's signal; parking longer than thirty minutes in restricted district; parking so as to obstruct fire hydrant; parking so as to obstruct fire hydrant; parking more than 7 feet from curb; parking so as to obstruct free use of street or alley; parking headed in wrong direction; parking in Safety Zone; parking before main entrance to theater or public building while public meeting is being held.

## HOW TO PRESERVE EGGS FOR WINTER

With eggs going into storage at over 40 cents a dozen, poultry specialists of the College of Agriculture say that eggs are almost sure to be high in price next winter.

To avoid these prices the consumer will find it profitable to buy eggs now and preserve them in a solution of water glass.

The following method is practical for the housewife who desires to preserve a case (30 dozen) of eggs for winter use.

Obtain three pints of water glass (Sodium Silicate) at a drug store and mix it with 27 pints of cool boiled water. Place fresh clean eggs carefully in a 10-gallon earthenware jar. Be sure that none of the eggs are cracked, old, or dirty.

After putting the eggs in the jar, place a large plate over them and pour in the water glass solution until the plate is submerged under two inches of liquid. If one desires to preserve the eggs from day to day, the solution may be put in the jar and the eggs placed therein as gathered until the jar is full. The heavy paper over the top of the jar and move it carefully to a cool place where it may remain until one is ready to use the eggs. Remove them from the solution as needed and wash with cold water. If one desires to boil them prick one or two small holes in each egg with a needle. This will prevent the contents from breaking the shell.

## LARGEST SWINE FARM

Cleveland, Ohio, May 27.—What is said will be the largest hog farm in Ohio will be established at Dover, several miles west of here. A company incorporated for \$100,000 has purchased a 166 acre farm and will bring more than 6,000 hogs here from New England. More than 600 already have arrived.

## TWO DAY SESSION OF SCHOOL HEADS

Having reached the end of the five year year adoption of uniform text books in the rural and village schools of Fayette county the district, village and county superintendents are in session for two days at the court house to determine if any change is necessary in the books. Representatives of several leading book manufacturers are represented.

The men will be in session Thursday and Friday. It is understood that very little change will result as the outcome of the conference.

## RIDING BICYCLE FOOT IS INJURED

Mildred Flee, the seven year old daughter of Mrs. Minnie Flee, Vandeman avenue, had her right foot badly torn Wednesday evening when it was caught in the mechanism of a bicycle which she was riding. It was necessary to administer an anesthetic before several stitches were taken to close the wound.

The child was resting very easily Thursday and it was expected that the injury would not prove serious, unless complications set in.

## NINE STUDENTS GET DIPLOMAS GIVE CLASS PLAY

Commencement exercises passed off auspiciously at Jeffersonville for the nine graduates of Jeffersonville High School Wednesday evening before one of the largest crowds that ever attended a similar affair in that town. Jefferson Hall, with its capacity of 730 was completely filled by an audience that was immeasurably pleased with the presentation of the clever play, "Weeping Willows" and the graduation which followed.

The play was first presented and the audience was taken back to the time of Civil War with the scene in Virginia, while the memorable struggle sifted out the characters in such a manner that a most beautiful and timely love story unfolded. Not even the atmosphere of the play was lacking and the young men who took the parts of officers, either with the Confederate or Union army took their characters with much naturalness and ease of manner while the girls who played the fair daughters of the great south were as lovely in their costumes and manner of speech as their grandmothers were sixty years ago.

Superintendent R. E. Correll was the happy recipient of much favorable comment for his work in coaching the play. Excellent music was furnished by the Jeffersonville Orchestra, Miss Mabel Marchant, director.

The cast of characters was as follows:

General John Preston, of the Confederate Army and owner of the Weeping Willow plantation, Elmer Simerl  
Colonel Robert Van Halen, of the Confederate Army, Robert Tudor  
Captain Homer Preston, a Union Cavalry officer, Ross Glaze  
Captain Dick Belmont, a Confederate guerilla, Grayson Kirk  
Captain Edward Graham, of the Confederate Army, Leonard Miller  
Sister Alice, an angel of mercy and the devoted wife of Dick Preston, Ruth Zimmerman

Chester Brown, a young man of genius from the North, Lloyd Erich  
Texas Pete, a Union spy and messenger, Ronald Bucher  
Johnson, an orderly, Charles Kessler  
Martin, a Confederate drummer boy, Ansel Creamer

Edith Preston, the general's daughter, Clara Bell Smith  
Minnie Preston, the general's youngest daughter, Ruth Crumrine  
Ethel Walnwright, Homer's appointed wife, Hazel Williams

Weeping willows formed a background for the Commencement Exercises which followed and in which the class motto, "We lead others follow" was inscribed in the class colors. The teachers of the high school were on the platform with the graduating class.

Rev. B. F. McKinnon gave the invocation and the presentation address which followed. Originating a new custom the diplomas were not handed directly to the graduates but were given to the class president, Leonard Miller, and he in turn distributed them to his classmates.

Featured as one of the strangest classes that ever graduated in Fayette county diplomas were granted to the entire enrollment of nine students, eight boys and one girl. Those who received diplomas were Clara Belle Smith, Elmer Simerl, Grayson Kirk, Ross Glaze, Ansel Creamer, Roland Bucher, Leonard Miller, Robert Tudor, Roy Erich and Charles Kessler.

The democratic thing in business is to put it up to public opinion; to let the people judge. We have conducted the clothing business that way for years. Our customers' judgment "rules the house." Our constantly increasing patronage indicates that this is a good policy. Men come back season after season for new clothes not because they like our way of doing business, but because we do business their way.

## Comfort is the Big Thing in These Men's and Young Men's Suits

Comfort; it's a small word but it means a great deal; especially in clothes.

WHEN we point to the comfort of these suits, we do not simply mean a correct Summer weight and good fit. Those qualities are all right as far as they go, but they don't go far enough. There is just as much comfort in knowing that your clothes are correctly styled and of worthy dependable quality, as there is in coolness and fit. We call it the comfort of confidence. No clothes comfort can be complete without it.

## Comfortable Price---Another Feature of These Summer Suits

You will find the highest possible amount of value in these suits. The tailoring is excellent; the styles new—very new. Any one of these suits meets your idea of comfort; everything that goes with it; even the price you pay.

**\$35 \$40 \$45 up to \$65.**

## Panama Hats are the Coolest

Of course, Panamas do weigh a little. But their weight is so insignificant you hardly notice it. They are the coolest hats of all,—quite the most serviceable and most stylish. You will enjoy having one of them on Decoration Day; all summer for that matter.

## High Quality Hosiery---Your Kind

Here's a chance to get some more hosiery. You are probably in need of some more,—particularly the dressy kind that is so necessary when you wear low shoes. Perhaps you have a definite idea about color. We are pretty sure to have it. Finely woven; good fitting.

## CHARLES H. DIXON FORMER LOCAL MAN SUMMONED BY DEATH

Mr. Frank E. Dixon received the sad word Wednesday evening that his brother, Charles H. Dixon, had died on Wednesday afternoon, at 1:15 o'clock, at the home of his daughter, Mrs. David C. Grant, at Sheldon, Iowa.

Thus far no particulars have been received as to the immediate cause of death, but relatives and friends here have known for some time that Mr. Dixon was in poor health. For years he has been an invalid and physicians have held out no hope for his complete recovery. Nevertheless the news of his death came as a complete shock to relatives and a wide circle of friends here.

Charles Dixon was the oldest son of the late Rev. E. H. Dixon and spent a great part of his younger days here where he learned the printer's trade in the Herald office years ago.

The last thirty years of his life Mr.

## SUFFERED SO BAD HE COULDN'T EVEN WORK

Columbus, O. "Until a friend told me of Dr. Parker's Treatment for Indigestion and Constipation," says C. R. Kerns, of 309 S. Hague Ave., "I was unable to escape in any way from the suffering I had endured for three years. I was compelled to give up my work, and eating caused me misery. Then I heard of Dr. Parker's Treatment and after taking four boxes I felt entirely cured and enjoy perfect health to this day. I know a great many others who have had the same experience as myself, and I fully believe Dr. Parker's Treatment for Indigestion and Constipation will cure the worst case if taken as recommended."

If you are not feeling right, do as Mr. Kerns did. If one \$1.25 box does not improve your health, your money will be returned.

Dixon has spent in St. Paul, Minneapolis, Kansas, Denver and Chicago in the newspaper work.

He is survived by wife, one daughter, Mrs. David C. Grant, and two grand children.

The funeral will be held at Chicago Friday afternoon.

## HUGHEY POST CALLS MEN TO ATTENTION

Attention is called to the order which has been issued by the American Legion. Paul H. Hughey Post, asking that all ex-service men take part in the Memorial Day exercises which will be held Monday afternoon, May 31. Former service men, members of the American Legion or unattached, are expected to be out in numbers to assist in the decoration of graves and in the memorial services which will follow at Memorial Arch on the Court House lawn.

The order issued by the Hughey Post follows:

"Ex-Service men, members of the American Legion or unattached; you are requested to meet at Memorial Hall, Monday at 1:30 p. m. Graves will be decorated and upon return the cemetery services at Memorial Arch on the Court House lawn will be held."

## SUMMER EGG PRICES HIGHER THAN EVER

With eggs selling at higher prices at this time of the year than has ever been known E. L. Dakin, poultry specialist at the Ohio State University, calls attention to the need of keeping up the ration of animal protein even though the hens are laying, and also to keep them free from lice.

"Do not reduce the laying mash or the quality of the meat scraps, or tankage that it contains," says Prof. Dakin. "The surest way of keeping up summer production is to force the consumption of more mash and reduce the grain. This should be done by keeping the mash before the hens at all times in such a form that it is palatable and contains the proper amount of animal protein. A good summer mash may be made of two parts high grade shorts, two parts bran and one part meat scraps or tankage."

"If plenty of milk is available the amount of meat scraps or tankage should be reduced. Cut out the grain feed in the morning and give all they will eat at night. This will accomplish the desired result of increasing the mash consumption only if the hens are kept from corncribs and the feed lot."
